Dear Andrew,

I went to the Factory House ~~last~~
to the Bishop's reception & had no intention of calling
upon the Bishop beyond shaking hands, but he
immediately said to me that he was very sorry to
have seen me the day before & would be much
obliged if I would name an hour the next day
when we could meet. I accordingly went to see him
by appointment early the next day. He said he
wanted to know all about the Lus. Church & especially
what we had to a Bishop which he knew we
might have if our Synod asked for the consecration.

of one. In answer to his appeal I told him ^{some} of all
of the attempts made during the last 100 years.
I enclose a copy of a letter I ^{have} written to the Bishop of
Breath.

I will try & find time some day soon to go & speak
to you about this.

I remain
your affect^e brother
